

Accessing the draft River Basin Management Plan

Instructions for internet access:

- Enter the following link into your internet browser:

<http://wfdconsultation.environment-agency.gov.uk/wfdcms/en/thames/Intro.aspx>

- A webpage titled 'Your Views Count' will appear which gives you access to the Thames region draft River Basin Management Plan (dRBMP).
- On the right hand side of the screen is a column listing the main consultation document and the annexes, A to N (all are PDF files).
- The main consultation document is divided into catchments, which appear in the document in alphabetical order. North East Thames area has four catchments:
 - Colne
 - London
 - Roding, Beam and Ingrebourne
 - Upper Lee

(Please refer to the end of this document for a list of which waterbodies are located in each catchment).

- Each catchment can be easily accessed by using the hyperlinks in the contents section at the front of the main document, or by using one of the following search facilities:
 - Click on the binoculars in the PDF tool bar and enter a keyword.
 - Click on 'Edit' and then 'Search' in the tool bar at the top of the screen.
 - Click on 'Find' and 'Open full reader search' on the PDF document.
- Click on the item you want to view in the results field and this will take you to the relevant page.

Annexes:

Annex B contains the main Programme of Measures for catchments and a summary sheet for each waterbody. The summary sheet contains details about the current status of the waterbody and what elements, if any, the waterbody is failing on. The catchments are listed in alphabetical order and can be interrogated using one of the search methods listed above.

To make a response to the consultation document

We would like your comments about the dRBMP. To make comments click on either of the options below, which are listed at the top of the right hand column on the page titled 'Your Views Count':
